The construction of the Aztec newspaper processor is founded upon years of experience manufacturing large format, high throughput, heavy duty plate processors. It has the robustness, durability and sophistication associated with all Heights equipment and provides a quality solution for newspaper CTP installations.

advanced processing
aztec

The Aztec sets new standards for the processing of CTP newspaper plates and includes features that will give it's users many competitive advantages. A user friendly LCD interface provides constant feedback on the process status and allows operator interaction with software that controls all aspects of the machine functions.

Designed into the Aztec is an optional on-board spare package, including pumps, motors and a control board, which ensures maintenance is kept to a minimum and productivity is optimised.

Features

- Consistent, high quality, trouble free processing
- Optimised for processing CTP newspaper plates
- Intuitive LCD operator screen
- Programmable interface compatible with most platesetters
- Easy Access and Maintenance
- Energy and water saving features
- Optional 'on board' spare parts package

Maximum Plate Width
 850mm (33.5")

Minimum Plate Length
 290mm (11.42")

Plate Thickness
 0.30mm (0.012")

Plate Transport Speed
 Up to 2200mm/min (86.61"/min)
 @ 19 sec dip to nip

Wash Tank Capacity
 47 Litres (12.42 US Gallons)

Electrical Supply
 380 - 415VAC 3W + N + PE 16A 50Hz
 380 - 415VAC 3W + N + GND 16A 60Hz
 200 - 230VAC 1W + N + PE 36A 50Hz
 200 - 230VAC 2W + GND 36A 60Hz

Please specify power requirements with your order

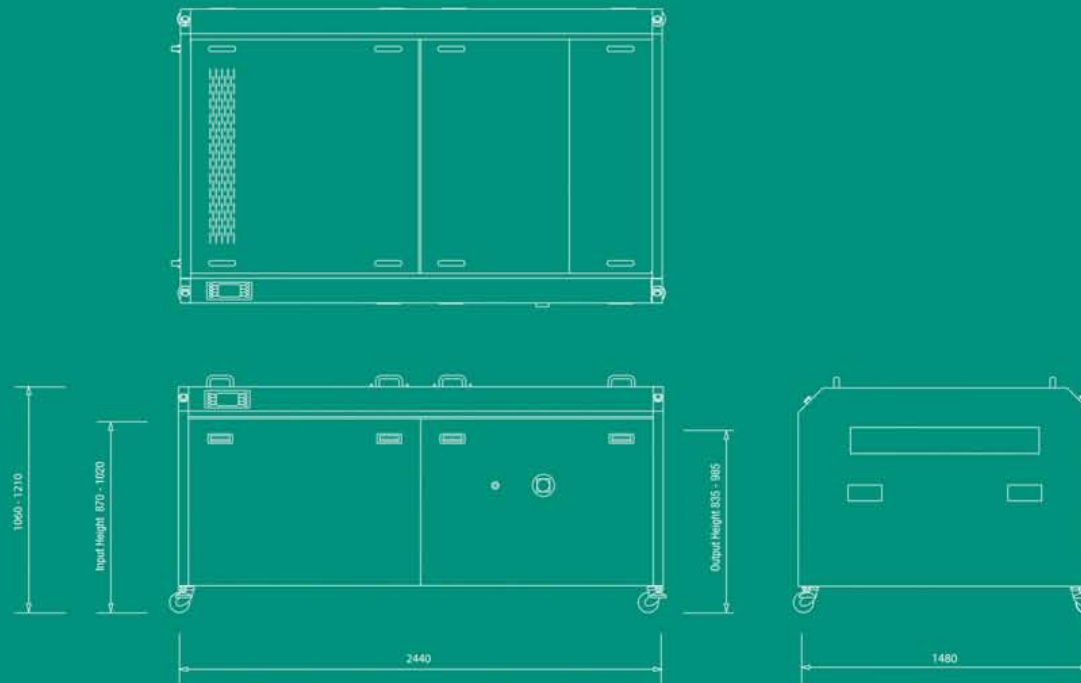

Developer Tank Capacity
 60 Litres (15.85 US Gallons)

Rinse Tank Capacity
 47 Litres (12.42 US Gallons)

Finisher Gum Capacity
 5 Litres (1.32 US Gallons)

Dimension (LxWxH)
 2440 x 1480 x 1060mm
 (96 x 58.3 x 41.8")

Machine Weight
 Uncrated 850kg (1874lbs)
 - Crated 1100kg (2425lbs)
